Duties: You will perform the duties of System Administrator for the E-Mail and Defense Messaging System. As such, you will plan and coordinate the installation, testing, operation, troubleshooting, and maintenance of large-scale hardware and software systems. Also responsible for: planning and scheduling the installation of new or modified networked-server hardware/software; allocating system resources; managing accounts, network rights, and access to systems; monitoring the performance, capacity, availability, serviceability, and recoverability of installed systems; implementing security procedures and tools; resolving hardware/software interface and interoperability problems; ensuring systems functionality, integrity, and efficiency. Manage, support and maintain entire flow of email traffic from mail relay to firewall server. Create accounts, ensure mail servers are operational, maintain visibility of entire system, troubleshoot problems, install software upgrades and recovery efforts.

About the Position: Tobyhanna Army Depot is the largest, full-service electronics maintenance facility in the Department of Defense with a total installation work force of more than 4,400. The depot's mission includes design, manufacture, repair and overhaul of hundreds of electronic systems for all branches of the Armed Forces. They include satellite terminals, radio and radar systems, secure communications, electro-optics, night vision and anti-intrusion devices, airborne surveillance equipment, navigational instruments, electronic warfare, and guidance and control systems for tactical missiles. For over 50 years, Tobyhanna personnel have built a tradition of unparalleled customer satisfaction through the delivery of timely, cost-effective, and high-quality products and services. Located in Northeastern Pennsylvania, near Stroudsburg, Scranton and Wilkes-Barre, the depot is readily accessible to major East Coast cities, interstate highways, railways, international airports, colleges and universities.
